# DESIGN CONCEPT & CLIENT PROFILE

The Greeny Family, is a family of three, with a fifteen-year old daughter. Mr. and Mrs. Greeny, are fashion designers and wanted to get a place in the mountains to get away from reality, as well as a rental for some extra side money. They tend to visit a lot with family and all of their friends for holidays, birthdays, or just vacations. They want this place to feel like a luxury resort feel, but also like home. Entertaining is their favorite thing to do, so having a spacious home is their main priority, while looking out the big beautiful black iron steel cut windows with the breathtaking views of the mountains, and the natural sunlight shining in through the windows.

# GOALS & OBJECTIVES

## ★ HAVE SPACIOUS MAIN PUBLIC ROOMS

*Have some separation and privacy from the Kitchen, Foyer, and Great Room.*

## ★ HAVE SOME ACCESSIBLE OPTIONS

*Mr. and Mrs. Greeny, have old parents and want them to be safe when they stay. Having grab bars is a must in showers, tubs, and toilets counter height options (if possible) as well as an elevator to go upstairs.*

## ★ A LOT OF STORAGE SPACE THROUGHOUT THE HOME

*Mr. and Mrs. Greeny, have a lot ol stuff they would like to leave in every room in the house. Kitchenware, china in dining room, blankets in storage closet upstairs in media room, as well as room for everyone's clothing.*

## ★ HAVE SOME NATURAL LIGHT TO SHOW THE VIEW OF THE MOUNTAINS

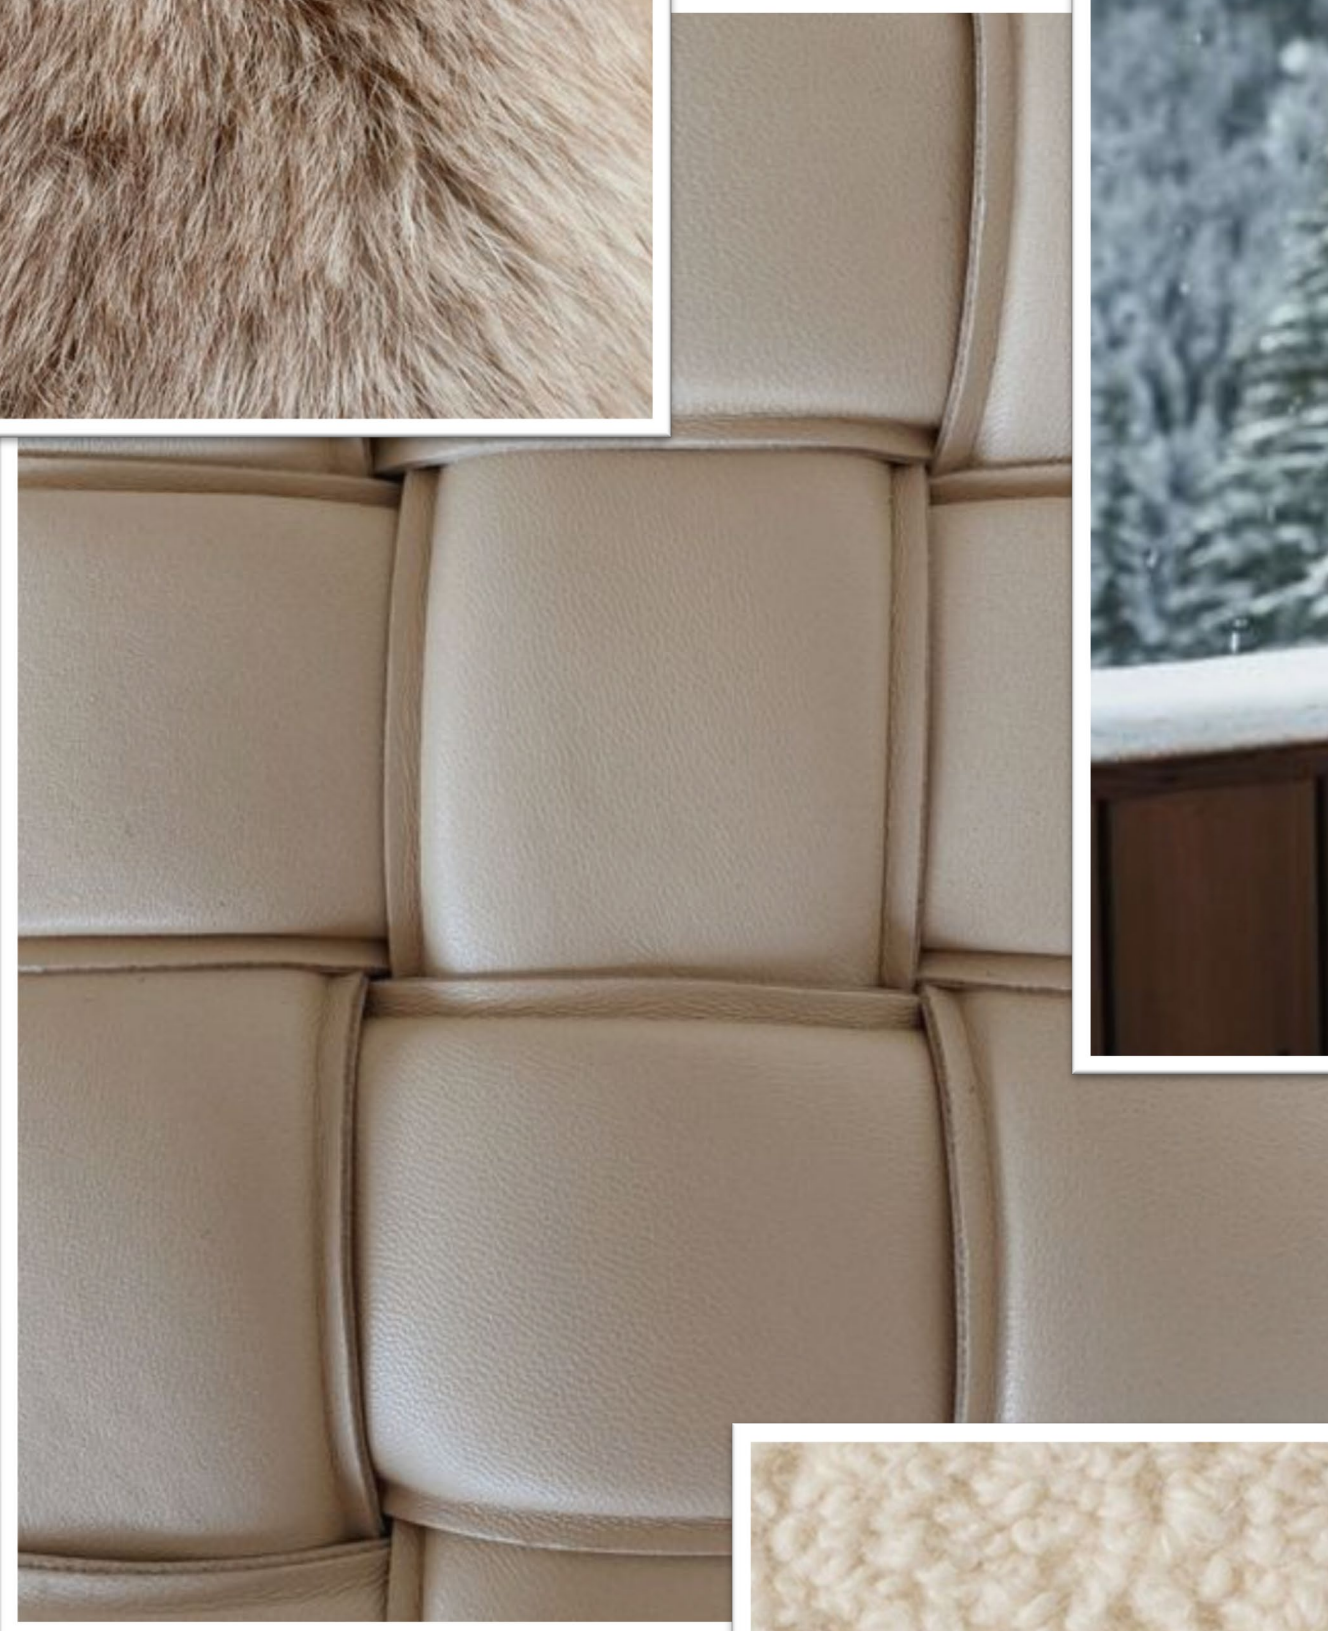

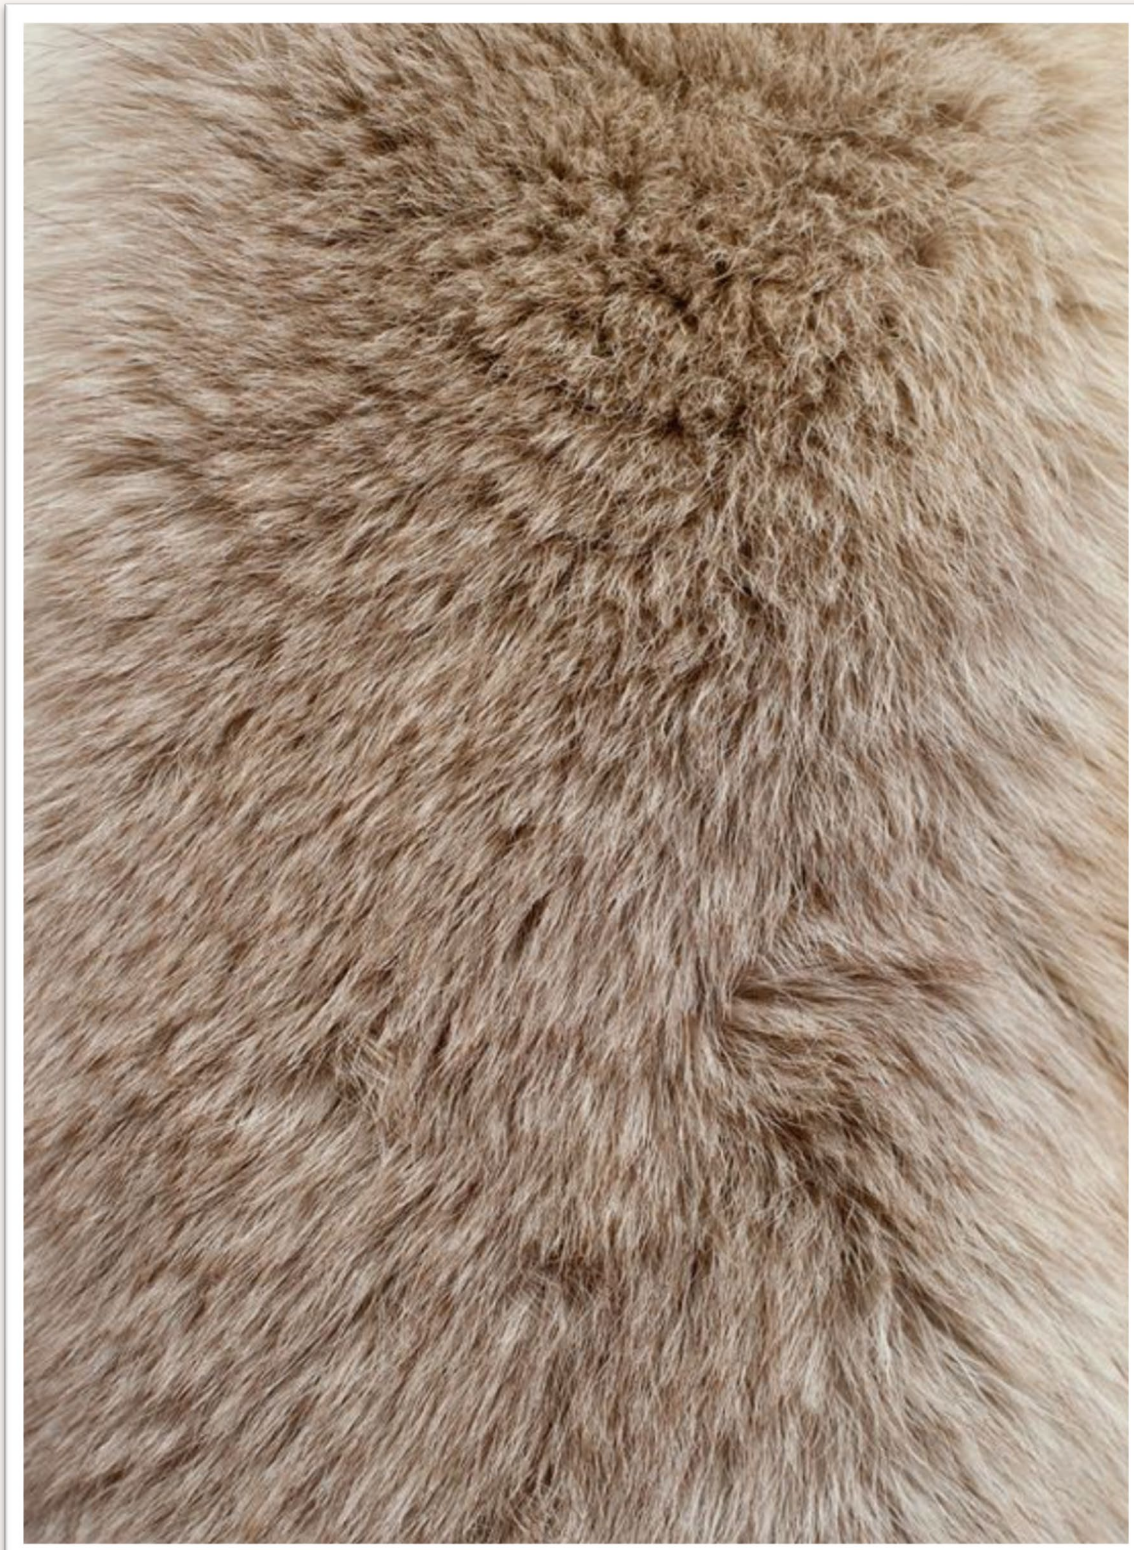

*They loved the idea of having Iron metal black modern windows to emphasize the views of the snow gleaming off the mountains-into the home.*

*At least one or two windows in every room, that way they don't need to waste electricity, and let some natural light shine through.*
